Job Description: Administrative Assistant

Company: Acme Technology Ltd. (fictional demo company)

Location: Xinyi District, Taipei (near City Hall MRT)

Type: Full-time

Salary: NT$30,000 - NT$35,000 per month (adjusted for performance)

About the company

We help traditional businesses move to high-performance technical architectures through data-driven and automated workflows. Current flagship projects include an automated recruiting decision system and an ERP integration. We are looking for a careful, communicative teammate who enjoys helping the team with day-to-day operations.

Responsibilities

- Office administration: filing, stationery purchasing, mail handling and keeping the workspace tidy.
- Document handling: draft memos and reports in Word and organize basic data in Excel.
- Recruiting support: organize resumes and send interview notices or thank-you emails as directed.
- Cross-team communication: act as a bridge between departments; help schedule meetings and book rooms.
- Project administration: take meeting notes and keep project trackers up to date.

Requirements

- Education: any major; high school diploma or above.
- Software: proficient with Microsoft Office (Word, Excel, PowerPoint).
- Personality: careful, responsible, good at communication, coordination and teamwork.
- Experience: none required (new graduates welcome; part-time work experience is a plus).
- Language: basic English reading ability (able to understand routine emails and documents).

Nice to have

- Basic Google Workspace experience (Docs, Sheets, Calendar).
- Interest in office automation or data analysis and a willingness to learn new tools.
- Basic English listening, speaking, reading and writing (TOEIC 600+ or equivalent).
