# Mei-Ling Wu

Phone: 555-0111 | Email: meiling.wu.data@example.com | Location: Zhonghe District, New Taipei City

## Summary

Mathematics graduate with strong logic and data-structure thinking. For the past two years I have worked as a data analysis assistant, using Python for database queries, data cleaning and automated Excel reporting. I am teaching myself the Django framework and hope to move into backend development.

## Expected Salary

(not provided)

## Work Experience

**Data Processing Assistant | Datapath Marketing**

May 2024 - Present (~2 yrs) | Taipei

- Used SQL to pull, clean and de-outlier daily production and sales data.
- Wrote Python (Pandas) scripts that read and parse CSV and Excel files, greatly reducing manual scheduling.
- Helped engineers maintain an existing Python data-sync tool.
